

Attention San Mateo Residents...

The City of San Mateo Wants to Hear from You at the Community Needs Workshop

Each year the City of San Mateo prepares an Action Plan that tells HUD what projects are important to the San Mateo community and how we plan to spend the federal Community Development Block Grant (CDBG) funds.

As part of that process, the Community Relations Commission would like to hear from you about what you think are the most important needs in your community. The workshop will be held:
